## Honda Accessories: Pioneer 1000

For 2022, Honda offers many new and innovative accessories that take the Pioneer 1000 to another level, including:

- A new **Audio System** with optional powered subwoofer and rear speakers — perfect for listening to your favorite tunes on the trail
- A new **Fuse Box System** that makes adding electrical accessories a breeze
- A new **Garmin Tread® Powersport Navigator with Group Ride Radio**, letting you stay connected with friends on the trail
- A new **Heater** that features improved performance, venting and controls
- A new Windshield **Wiper/Washer Kit** with an improved design that includes an added washer feature
- An improved **Plow System** featuring a new quick-connect for ease of use

Check iN to see all the new accessories available, with 30 to choose from. Please contact your DBM for accessory ordering information.

# Pioneer 700

*The midsize Pioneer 700 is a “just right” balance between scale and capability — highly versatile, and equally capable for work or play.*

## NOTABLE FEATURES

- Offered in both two- and four-seat configurations, plus standard and Deluxe
- Deluxe trim levels tout a mix of eye-catching, performance-enhancing features: painted plastic, aluminum wheels, Electric Power Steering and color-matched suspension springs, plus both automatic and manual shifting
- Powered by Honda’s proven fuel-Injected 675 cc liquid-cooled overhead-valve single-cylinder four-stroke engine

2022 CRF300L	Red	\$5,349	April	April

## CRF300L

*The motorcycle industry's top-selling dual-sport model, the CRF300L boasts strong power, low weight and excellent on-road and off-road performance, while also delivering unparalleled value, reliability and styling. It's ready to deliver low-cost transportation and true dual-sport adventure.*

### NOTABLE FEATURES

- Styling cues carried over from Honda's CRF Performance line, including the Baja 1000-dominating CRF450X
- Excellent handling delivered by 43 mm inverted Showa fork and Pro-Link® single-shock rear-suspension system
- Excellent city and off-road performance thanks to a liquid-cooled, four-stroke engine with strong low-end and midrange power
- Hydraulic brake calipers with 256 and 220 mm front and rear rotors, for smooth, controlled stops in varying conditions. Available ABS can be turned off at the rear for off-road riding

# CRF300L Rally

*Based on the standard CRF300L, but with comfort-focused upgrades including hand guards, increased fuel capacity and a frame-mounted wind screen, the CRF300L Rally is suitable for longer-distance adventuring and is also a stellar commuter.*

## NOTABLE FEATURES

- Adventure-ready, with a largest-in-class, 3.4 gallon fuel tank; with its efficient fuel economy, range is over 250 miles in testing
- Vibration is minimized via handlebar weights and rubber foot peg platforms
- Liquid-cooled, single-cylinder, four-stroke engine with strong low-end and midrange power — ideal for city riding and off-road
- 43 mm inverted Showa fork and Pro-Link® single-shock rear-suspension system, for excellent on- and off-road performance
- Hydraulic brake calipers with 296 and 220 mm front and rear rotors, for smooth, controlled stops in varying conditions. Available ABS can be turned off at the rear for off-road riding

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 CRF300L Rally ABS	Red	\$6,399	April	April
2022 CRF300L Rally	Red	\$6,099	April	April

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 XR650L	White	\$6,999	April	April

## XR650L

*A familiar part of Honda's lineup for many years, for good reason: It's a tried-and-true dual-sport model that is highly adaptable, opening the door to adventure on single-track trails, dirt roads and backroads, while also delivering capable transportation in the city.*

### NOTABLE FEATURES

- Striking new white color for 2022
- Bulletproof 644 cc SOHC four-stroke engine has a proud Baja heritage, produces power and torque ideally suited for both on- and off-road riding
- Superb off-road handling via Pro-Link® rear suspension, 43 mm Showa cartridge fork with 16-position compression damping adjustability
- Flex-mounted turn signals resist breakage
- Frame-mounted passenger footrests for two-up riding capability

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 Trail 125	Glowing Red	\$3,999	April	April

## Trail 125

*Retro styling that takes you to a time when there was a CT model on the bumper rack of every motor home, the Trail 125 also incorporates the modern joys of practical design and hassle-free technology.*

### NOTABLE FEATURES

- Classic touches include upswept muffler, fuel tank, rear rack, steel front fender
- LED lighting
- Upswept handlebar can be turned 45 degrees in each direction so rider can easily make course corrections at low speed
- Dual-sport-style knobby tires on 17-inch rims with stainless-steel spokes
- Disc brakes front and rear for excellent braking power (ABS is standard)
- 125 cc four-stroke, single-cylinder overhead-camshaft engine with 2 valves

# PCX

*Honda's PCX is the ultimate tool for tackling urban environments in style, continuing to set the standard for scooter design and technology.*

## NOTABLE FEATURES

- With a freeway-capable 157 cc engine, the PCX is equally suitable for new riders and more experienced customers
- 4-valve layout enhances intake and exhaust efficiency for strong power
- Brilliant LED technology for all lighting
- Wide meter with high-visibility LCD display shows range of easily readable information
- Simple frame structure delivers comfortable ride, good cornering performance by optimally balancing weight minimization and rigidity

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 PCX ABS	Pearl White	\$4,099	April	April
2022 PCX	Pearl White	\$3,899	April	April

# Montesa Cota

*With input from perennial FIM Trial World Champion, Toni Bou, Honda offers the most advanced trials machines on the planet, designed, developed and produced in the trials hotbed of Barcelona, Spain.*

## NOTABLE FEATURES

- The 4RT260R now has Showa suspension components, as well as the larger aluminum muffler from the 301 platform, delivering increased horsepower across the rev range
- Montesa's most competition-focused model, the 4RT301RR Race Replica is the pinnacle of trials performance, intended for competition use only
- Strong low-end and midrange power for tractable delivery vital for maintaining traction in technical conditions

4RT301RR Race Replica

4RT260R

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 Montesa Cota 4RT260R	Black	\$9,199	April	May
2022 Montesa Cota 4RT301RR Race Replica	White	\$11,799	April	May

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 CBR1000RR-R Fireblade SP	Pearl White	\$28,900	April	July

### 30th ANNIVERSARY!

## CBR1000RR-R Fireblade SP

*Originally introduced in Europe in 1992, Honda's CBR1000R was an immediate game-changer, and the 2022 Fireblade SP celebrates the model's proud three-decade heritage. Performance upgrades center on improved mid-corner acceleration, as well as acceleration.*

### NOTABLE FEATURES

- Created with heavy involvement from Honda Racing Corporation
- To improve mid-corner drive and acceleration, rear sprocket is three teeth larger (40 to 43)
- Reshaped airbox and intake funnels smooth flow. Intake ports adjusted to increase airflow velocity; optimized catalyzer, exhaust flow
- Using extensive feedback from racers around the world – including Team HRC World SBK team – Honda Selectable Torque Control is refined to offer power, grip level and feel, and to match the increased drive.
- Electronics package includes adjustable Start Mode and standard-fit, newly revised quick shifter for upshifts and downshifts

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 CBR650R	Matte Black Metallic	\$9,799	April	August

## CBR650R

*Designed to be appreciated on the street, but drawing inspiration from the supersport realm, the CBR650R excites riders with its sharp lines, complete bodywork and corner-carving abilities, but it also delivers comfort, practicality and value.*

### NOTABLE FEATURES

- Aggressive riding position via rearward foot pegs and clip-on handlebars mounted beneath the top triple clamp
- 41 mm inverted Showa Separate Function Big Piston fork offers high-performance handling in any type of riding
- 4-piston radial-mount front brake calipers and 310 mm floating rotors; single-piston rear caliper and 240 mm rotor (2-channel ABS standard)
- 649cc, DOHC 16-valve engine with healthy growl delivers smooth, linear torque that builds strongly as revs rise

# CB650R

*Showcasing Honda's Neo Sports Café design theme through its smooth lines and compact packaging, the CB650R is a popular and enjoyable naked bike that builds on the CB history of catering to diverse riding experiences, from daily commutes to exhilarating outings on tight, twisting backroads.*

## NOTABLE FEATURES

- Signature compact proportions, with stubby tail and short-overhang headlight
- Inverted 41 mm Showa Separate Function Big Piston fork – high-quality suspension that improves the bike's handling
- 4-piston radial-mount front brake calipers and 310 mm floating rotors; single-piston rear caliper and 240 mm rotor (2-channel ABS standard)
- 649cc, DOHC 16-valve engine delivers smooth, linear torque that builds strongly as revs rise, sounds great in the process

MODEL	COLORS	MSRP	ORDER MONTH	DELIVERY STARTING
2022 CB650R	Matte Black Metallic	\$9,299	April	September

# Grom

*The undisputed emperor of the miniMOTO world and the spawner of a vibrant subculture of fun-seekers, Honda's Grom inspires a cross-demographic army of enthusiasts who embrace the diminutive model with remarkable passion.*

## NOTABLE FEATURES

- Pared-down, gen-3 styling, with straight lines
- Quick-detach panels for easy customization
- 125 cc two-valve engine with modern design and peppy power delivery
- 5-speed, wide-ratio transmission for strong acceleration and comfortable cruising
- Low, 30-inch seat height and flat design, for approachability and comfort

**2023  
MODEL!**

## Ruckus

*When it comes to little two-wheelers with plenty of personality and attitude, it's tough to top Honda's unique Ruckus®, the model that launched an entire scooter-customization subculture.*

### NOTABLE FEATURES

- Lightweight 49 cc four-stroke OHC liquid-cooled single-cylinder engine provides ample power for in-town riding
- Exposed frame and dual round headlights contribute to an industrial-looking design
- Automatic Honda V-Matic belt-drive transmission provides spirited acceleration and smooth operation
- Practical features like reliability, excellent fuel economy make the Ruckus as easy to own as it is to ride
