

Honda Powersports has turned the tables with the release of the Honda Pioneer 1000 Side by Side! Since its release, the Honda Side by Side Club has exploded with new users and owners itching to find out more! As the #1 online community for the Honda SxS brand, the club continues to grow and deliver a unique stance for an online community outside of being "just another forum". At its core is a dedicated group of Honda SxS owners and true enthusiasts who wish nothing more than to share their adventures with the world and each other. Our commitment is what pushes us apart from the rest.

However, we cannot continue without giving full credit to our member who built the Honda SxS Club into what it is today. To say THANK YOU the club is hosting a group ride and meet-n-greet entitled "**The Pioneer Takeover**" located at **Ride Royal Blue Resort in Pioneer, TN on April 8 and 9th 2016**. The event is projected to pull in close to 100 Pioneer enthusiasts and thousands online, daydreaming from the comfort of their homes. Our members have already expressed their appreciation for hosting the event and will no doubt do the same to all brands involved.

With that said, we are seeking sponsors to help cover the cost of our nonprofit event. We are looking for both Primary sponsors and Secondary sponsors who are able to help with funding and/or provide door prizes for the attendees. We are still a young club in regards to building sponsor relationships, we are open to any custom request sponsors may have with the intent of building a good relationship and provide funding or door prizes for the event. We would love for your brand to be a part!

Sponsorship offerings:

Primary sponsorship: \$200 donation, plus door prize donation and a returnable promotion banner if desired. In exchange, we will offer promotion within our efforts, propped item pictures conforming to your request, a banner staged at the entrance of the Ride Royal Blue Resort, a 468x60 px banner in rotation on the clubs website (HondaSxS.com) starting from the date of acceptance through April with a guaranteed runtime of 30 days, a large logo on our "Thank You" banner that will list all supporters and donors. Along with "Thank You" post through our social channels and website.

Secondary sponsorship: Door prize donation for the event.

In exchange for door prizes, we offer smaller promotion within our efforts, propped pictures only if the item is easily staged, a logo listing in our "Thank You" banner for all supporters and donors. Along with "Thank You" post through our social channels and website.

Interested potentials should contact Richard Kiser via email at Richard@HondaSxS.com or via the contact form at <http://HondaSxS.com/misc/contact>
